Four firms bid for 2 Telangana road stretches

Adani, IRB in fray to operate assets under ToT mode

MUKESH JAGOTA
New Delhi, August 29

ADANI ROAD TRANSPORT, IRB Infrastructure, Cube Highways, and Highways Infrastructure Trust have placed bids for two road stretches of the National Highways Authority of India (NHAI) that have recently been offered for monetisation through Toll Operate Transfer (ToT) mode.

The two stretches totalling 251 km on the Hyderabad-Nagpur corridor are part of the ToT Bundle 16.

This would mark the first road monetisation in the current fiscal. Along with technical bids, financial bids have been received for these roads. The financial bids will be opened after finalising the initial estimated concession value (IECV).

IECV is the discounted value of the free cash flow expected to be generated by a project road from a valuation date. In the ToT model, the bidder makes an upfront payment based on their estimate of IECV. In September 2020, the NHAI decided to stop announcing IECV for ToT high-

way projects to prevent private firms from cartelising. Instead, it discloses IECV after receiving technical bids. Bids for highways in ToT bundles 15, 17, 18 and 19 are still open. The concession period of ToT bundles is 20 years in which concessionaires are required to maintain and operate the stretches. In lieu of upfront payment, concessionaires are allowed to collect and retain the user fee.

This year, the highway builder expects to raise ₹54,000 crore from road monetisation which is much higher than ₹40,227 crore

achieved last year. Of the FY25 target, ₹8,000 crore will come from project based financing and ₹46,000 crore from ToT and National Highways Infra Trust

(NHIT).

The NHAI has already identified 33 stretches of 2,741 km that will be offered in the monetisation drive. Of the 33 highways, 12 have been offered to NHIT. Monetisation through NHAI is expected to bring in ₹15,000-20,000 crore. The remaining 21 will be monetised through ToT. These 33 roads identified for monetisation this financial year are spread across Uttar Pradesh, Rajasthan, Maharashtra, Andhra Pradesh, Telangana, Jharkhand, Odisha, Tamil Nadu, and Bihar.

Kerala to get 500-MW coal linkage to meet power demand

FE BUREAU
New Delhi, August 29

THE MINISTRY OF power has recommended earmarking long-term coal linkage of 500 megawatt (MW) to Kerala from Coal India, helping the state meet its power deficit and future energy needs.

In a recent meeting of the standing linkage committee (long-term) for power sector, the Kerala State Electricity Board informed that due to unusual growth in power consumption, the state requires 500 MW of power on an immediate basis. The Government of Kerala has said that the cost of power procured by it on a short-term basis is very high and accordingly, the state is willing to tie up for power on a long-term basis.

Coal India has agreed to provide coal from its available sources to the state after Singareni Collieries Company Ltd, another government-owned coal mining company, said that it could not offer the required linkage.

According to a resource adequacy plan prepared by the Central Electricity Authority, Kerala is required to have an additional 1,473 MW of coal-based capacity by FY32. Currently, the state has 400 MW of thermal capacity.

To meet the deficit and balance its power purchase and financial position, the state government will ink a tie-up for 500 MW of coal-based capacity on a long-term basis through tariff-based competitive bidding under the SHAKTI policy of the ministry of power.
